Dear Mr. Mueller,

EA is currently pursuing work with the TCEQ for Assessment, Investigation, and Remediation Services (RFP #52-14-40001). To comply with RFP requirements, we must include references for each proposed team member.

We would like to use you as a reference for Bob Owens for his role as Project Manager at the Falcon Refinery Superfund Site (TO Task Order 0088-RICO-06MC).

Attached is a letter to serve as *notification only* that EA has listed you as a reference within our proposal for Mr. Owens. You do not need to reply in any way. Please note, we are submitting this proposal April 24th and while we do not have a timeframe for when you may be contacted, we estimate it could be late May.

Sincerely,

Tim Startz
